infection control workstation screen

Gregory workstation screens are the perfect solution for your infection control needs.

Our world has changed and we now must adapt, minimising the risk of infection and spread of disease will be critical items on everyone's agendas as staff return to work. These affordable and innovative infection control screens are in ideal solution to your changing workplace environments.

Available as freestanding small or large units or even a desktop/workstation extender to sit on/above your workstations while allowing light to reflect through your office.

Infection control screen features

- › Australian made
- › Translucent staff separation screen
- › Ideal to help reduce the spread of infection
- › Lightweight for ease of manoeuvrability
- › High workstation screen - ideal for office areas
- › Low/restaurant cafe/workstation screen - ideal for cafes and restaurants
- › Desktop/top mount screen - can be used as a standalone partition on a desk to divide work areas or can be attached to the top of an existing workstation screen to extend the height
- › Velcro linking device on low and high screens
- › 5 year warranty

Options

- › Castors or steel feet base (low and high screens)
- › Oak or dark stain finish timber base (low and high screens)

hygiene | durability | innovation

Complimenting the popular Gregory ergonomic healthcare chairs are these innovative infection control screens. Gregory leading the way in workplace health & safety, ensuring you return to a safe working environment.
