gregory

ergonomic sit/stand desk

The Gregory ergonomic Shoulder Support System will transform how you live and work. Standing for portions of your day is one of the most effective ways to reduce neck, shoulder and back pain whilst increasing mobility, productivity and health.

Our ergonomic shoulder support work surface is the leading ergonomic sit/stand solution and combines ergonomics, quality and a beautiful design aesthetic.

When used in conjunction with a Gregory Ergonomic task chair, you can be sure you are comfortable in the hands of the original ergonomic furniture manufacturer in Australia.

gregory j-series workstation

The leader in Award winning Ergonomic seating design now brings you Australia's best Sit Stand desking.

Gregory J-Series Sit-Stand has a separate actuator and motor in each leg, to provide a super quiet, quick and very high load bearing Sit Stand desk. The three segment legs to provide maximum adjustment, from 625mm all the way to 1275mm. Many desks only travel to 1100mm which is not ergonomically sound for a person over 180cm.

For maximum Ergonomic capability, the Gregory desk is also available with a smartphone app. This allows you to move between desks and control each from your phone with all your preferences travelling with you, even between different offices and all of your preset health and ergonomic preferences travel with you.

Tested and Certified

The Gregory desking solution is BIFMA tested over 10,000 cycles and at over 100kg rating, well beyond any desk rating use even with up to 9 monitors attached. Importantly the Gregory J-Series sit-stand desking is also Green Tag Certified and manufactured under ISO14001 environmental Certification, all this is supported by a 10 year warranty.

This is a genuine local warranty - Gregory is the only sit stand desk supplier with an in-house electronics division to do special builds and to fully support warranty and repairs. All other sit stand desks go straight to landfill when they stop, the worst sustainability of any furniture product ever made. If you value sustainability, there is only one choice.

There is a huge selection of screens and desk finishes and power and data options. Gregory can arrange full installation with all power and Data through Winya Indigenous Furniture, giving you the best product, delivered through an outstanding social partnership.

full control and booking system

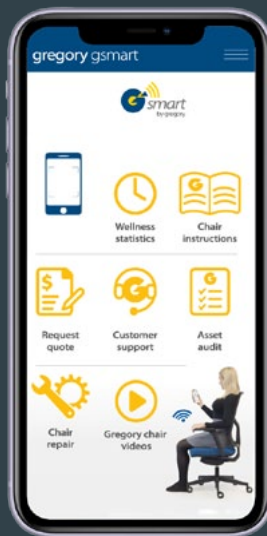

New for 2021 is a COVID Safe Hot Desk booking system, available free of charge via our app. This allows you to select your preferred date and time, then book in advance the desk of your choice for when you are in the office.

Complementing the hot desk booking system is the bluetooth app controlled desk height adjustment. You can easily set presets to raise and lower your desk to, or simply use the arrows in the app to adjust your desk to the ideal ergonomic position for you. Included as standard is a digital height adjustment module which is mounted to the underside of the desk.
