Experience Unmatched Comfort, Durability, and Elegance

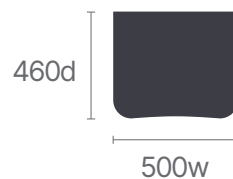

Presenting the Cassini Black Boardroom Chair, crafted from exquisite synthetic leather, ideal for all office spaces including boardrooms and open seating areas. Featuring an extra-wide seat for universal comfort and a sling pocket design for durability and flexibility. The chair's sleek exterior, matching black leather stitching, and horizontal tufting offer both style and easy maintenance. Plus, with COVID-safe cleaning in mind, the synthetic leather material ensures easy sanitisation between uses.

This versatile chair is height-adjustable, swivels 360 degrees, and includes castors for effortless mobility, making it suitable for both home and commercial settings. With top-quality caster wheels and a sleek aluminum frame, it offers adjustable seat height between 480mm and 580mm. Available in classic black with a polished five-star aluminium base, the Cassini chair combines style with affordability, backed by a 5-year warranty.
