Acoustix Phone Pod

Freestanding Acoustic Office Phone Pod

Australian Made ——— Fire Safety Compliant

Bringing Privacy Back to the Open Plan

Gregory's Acoustix Phone Pod transforms workspaces with its innovative design, prioritising safety, comfort, and privacy while offering a peaceful escape from workplace noise.
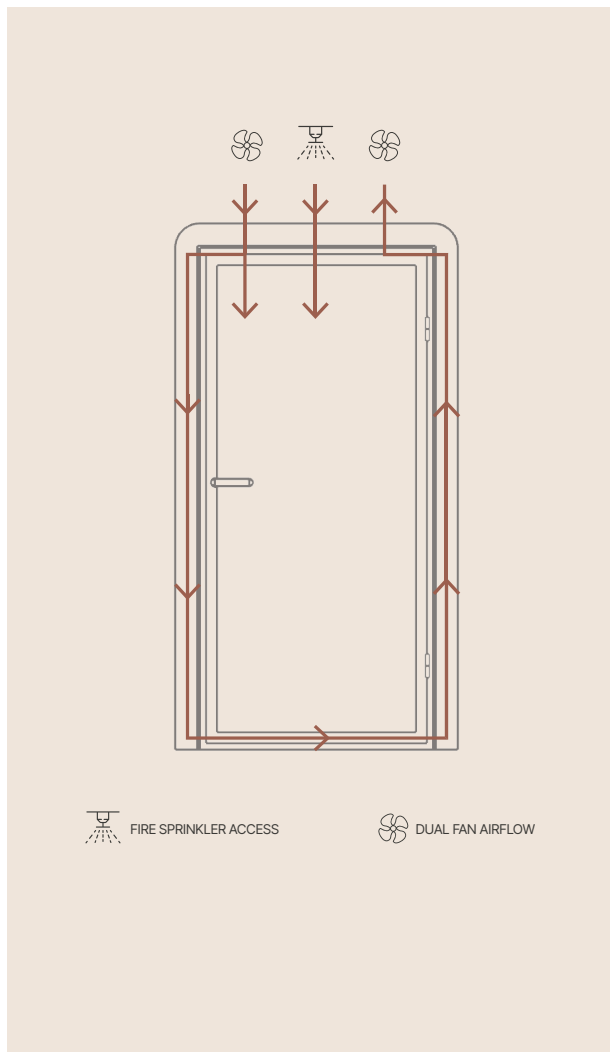

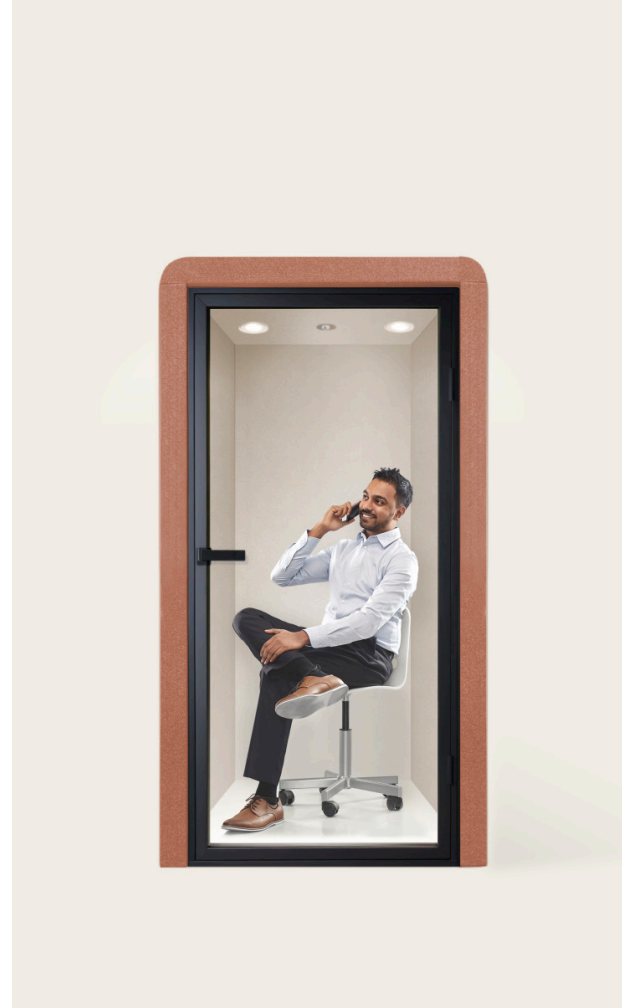

The Acoustix Phone Pod boasts a sleek, modern design with clean lines, a glass panel door for transparency, and customisable upholstery, blending seamlessly into contemporary office environments.

Uninterrupted silence for every call

The Acoustix Phone Pod is the ultimate solution for private and uninterrupted conversations in a busy workspace. Designed with productivity and privacy in mind, it features high-performance acoustic panels that reduce noise levels by 22%, creating a quieter and more focused environment.

The phone pod is equipped with an acoustic glass door, ensuring enhanced soundproofing without compromising on style or visibility. Whether you're taking important calls or attending virtual meetings, the Acoustix Phone Pod provides a comfortable and distraction-free setting to keep you focused and efficient.

FIRE SPRINKLER ACCESS   DUAL FAN AIRFLOW

Built for compliance and care

The Acoustix Phone Pod sets a new standard for health, safety, and comfort in workplace design. Its fire-sprinkler-accessible roofing ensures full compliance with building safety requirements.

A dual-fan circular airflow system optimises air exchange, delivering a gentle, consistent flow, while a built-in HEPA filter ensures superior air quality.

Designed with employee well-being in mind, this innovative phone pod creates a safe, clean, and comfortable environment for private conversations and focused work.

1. Fire Sprinkler Accessible
Roofing designed with fire sprinkler provision for fire safety compliance.

2. Circular Airflow System
Circular air intake system brings in office air. Design stimulates draw through and natural heat convection, while the ceiling mounted fans assist with exhaust. The Acoustix Phone Pod also comes with HEPA filtration as standard.

3. Acoustic Panels
Panel walls rated to 22% decibel reduction

4. Hygienic interior for infection control

5. Acoustic glass with optional window privacy and frosted glass decals

6. LED lighting

7 **Easy Access Powerwall Panels**
Allows your IT department to run and
connect any cabling in walls and ceilings.
The quick release panel system gives your
team full flexibility.
